1   Java Limerick

The language I'm using is Java,
I hope it won't cause to much drama.
    But if it does,
    That's all because,
Someone mistook Java for Cava.

2   Practice LaTeX Limerick

A high-level language called LaTex,
It's really pronounced like lay-tech.
    It may take a bit,
    But I'm sure I'll learn it,
As long as I keep myself in check.
